		SECRET/SECURITY INFORMATION					
1 14	3.	About 20 hours practice in the Link trainer was given. Two types of Link trainers were used: one had a stick control and one had a half-wheel control column. These Link trainers were of either English or American make.					
	4.	No actual gunnery or bombing practice were performed at this school, although theoretical instruction was given in both subjects /amount of time unrecalled. Bombardier instruction included the use of a German bombsight.					
25X1	5.	All flight training was done in twin engine. Siebel aircraft, but IL-10's are now being used. Graduates from Prostejov II were assigned to operational regiments.					
25X1	6.	Students graduating from the Prostejov I Fighter Pilot Training School (for single engine aircraft) went to Zvolen /4835N-1908E7 for further flight training with Messerschmitts. Student training at Prostejov consisted of practical ground attack bombing and gunnery,	L,
